

## **Tree Group Comments on Applications March & April 2018**

### **7 Kylemore Road CA/18/0087**

#### *Proposal*

1. Plum tree; crown reduce to height of 4m
2. Cherry tree; reduce branches extending beyond boundary. Prune to improve shape and remove dead stumps
3. Plum tree; crown reduction by 2 m to previous pruning height
4. False Cypress; reduce height by 3m. reduce sides protruding into public maintaining green appearance
5. Cherry tree; Reduce branches protruding and reduce to same height as False Cypress
6. False Cypress hedge; reduce height by 0.5m. Reduce sides protruding over boundary maintaining green appearance

#### *Oxton Society Comment*

No objection to any of these tree maintenance procedures.

### **12 Kylemore Road CA/18/0088**

#### *Proposal*

Fell fir tree in back garden close to house.

#### *Oxton Society Comment*

No objection to loss of this tree. Will open up view from road of more distant poplar tree

### **67 Arno Road CA/18/0046**

#### *Proposal*

Fell 2 sections of Leylandii hedge which has outgrown location

#### *Oxton Society Comment*

No objections to removal of these tall sections of hedge, little impact overall on the wider environment.

### **7 Alton Road T/18/0047**

#### *Proposal*

2m reduction in height and thinning of 2x Sycamores to allow more sunlight in garden but retain privacy

#### *Oxton Society Comment*

No objections to these works which should retain the overall appearance and shape of the trees.

### **11 Alton Road T/18/0048**

#### *Proposal*

2m reduction in height and thinning of 2x Sycamores to allow more sunlight in garden and surrounding shrubs

#### *Oxton Society Comment*

No objections to these works which should retain the overall appearance and shape of the trees.
