

## Tree report, April, 2023

CA23/00325 RAFA Club

Application- Sycamore -reduce crown to clear building

Group of Pines--Remove branches to clear building. Raise crown by 5 metres to clear building.

Oxton Society comment. The society would not object to the proposed work.

However, the application could have been a little more explicit in relation to the number of Pine trees

T23/00349 6 Mount Pleasant.

Application--Beech tree -prune. White hornbeam -prune.

Oxton Society comment. The society would not object to the application provided the work was carried out professionally and not excessive

CA23/00252 3a Columbia Road

1. Holly reduce crown by 4 metres

2. Sycamore -reduce crown by 4 metres

3. Horse Chestnut -reduce crown by 6 metres.

4. Sycamore -reduce crown by 6metres

Oxton Society comment. The Society would raise no objection to the proposed work as due to the height of the Leylandii at the front of the house the trees are not visible from the highway

CA/23/00296 32 Templemore Road

Beech tree -Raise canopy, raise crown, remove dead wood

Oxton Society comment. The Society would not object to the application provided that excessive amounts were (not?) removed and carried out professionally

CA/23/0200 36 Christchurch Road

Application -Trim crown, prune branches, remove dead wood

Comment - The Society would not oppose the application but would suggest that the crown is lowered no more than 20% and the canopy is raised around the whole of the tree

T/23/00147 2 Rathmore Drive

Fir tree -fell - In respect to Wirral Council's notice re-work to dangerous wall

Comment: In view of the Council notice the Society would not raise any objection.
